

AuroraTek (<http://AuroraTek.us>) is seeking \$20,000,000 for %25 of the company.

AuroraTek has pioneered a unique way to harness a ubiquitous source of energy that shall transform how humanity produces and utilizes energy. AuroraTek shall provide patented energy management systems for a full range of consumer markets from hand-operated tools and appliances to distributed home and business microgrid power system markets. This also includes all forms of the transportation industry and cell phone tower communication systems. Space applications include anti-gravity technologies and health applications include accelerated healing technologies.

For more than 15 man-yrs., AuroraTek prototyped proprietary and patented hardware and software for its' self-sustainable Energy Management System (EMS) called SmartPAK_{TM} / SZT_{TM}.

The primary business model for AuroraTek is a Multi-Tier Recurring Revenue Model from sales, leasing fees and PPA streams from the SmartPAK_{TM} / SZT_{TM} EMS technology.

Our stock price is presently valued at \$100 / Share. Also, our patented status is in place on our technology and we showcased our tech at the Consumer Electronics Show in Las Vegas Nevada in January of 2014.
